CO-OPERATION OF EMPLOYERS AND SUPERVISORS

Obtaining the required level of experience cannot be done without the positive co-operation of the applicant's employer. The Institute and individual candidate rely upon employer to provide reasonably balanced training and experience and to provide a qualified supervisor to review and sign-off the PPA records, log book and professional development forms together with the Declaration of Completion of Assessment.

Supervisor should closely study the following Instructions to Applicant to be aware of the range of training and experience required of the candidate. When signing off the PPA records, log book and professional development forms and declaration form, it is requested that the Supervisor monitor the range of training and experience being recorded so that any deficiencies can be identified and remedied.

Should Employer(s) or Supervisor have any queries about any aspect of the PPA process as applicable to their personnel, these should be referred to the Institute. Copies of relevant documents such as the PUJA (Brunei) Admission By-Law and PPA Regulations will be provided upon request.
